Anshul Awasthi

Sushant Lok, Phase 1, Gurgaon, Haryana 122009 • awasthi.ans@gmail.com • 9873455913

Experienced ABAP Developer with over 5 years of expertise in delivering real-time project solutions across all RICEF objects. Proficient in advanced ABAP concepts, including ABAP on HANA, with a strong focus on optimizing system performance and delivering innovative solutions. Renowned for being a collaborative team player with an empathetic and patient approach, fostering trust and approachability within teams and stakeholders.

Experience

SENIOR ASSOCIATE CONSULTANT AT INFOSYS – OCTOBER 2023 – PRESENT
ASSOCIATE CONSULTANT AT INFOSYS – AUGUST 2022 – SEPTEMBER 2023
Client Hitachi Europe – 2nd September 2022 – 9th June 2023

- Was an integral part of the ABAP team that helped the client to migrate from ECC system to S4 Hana
- Took ownership of all Adobe form outputs to be created for Hitachi Europe
- Led and facilitated multiple sessions to train and mentor new graduates and utilized their bandwidth
- Maintained translations of all the form outputs in several languages
- Received the Infosys Insta award for my critical support in UAT and Hypercare phase

Client Hanon Systems – 10th June 2023 – Present

- Developed smartforms for Hanon Systems which catered to their unique requirements
- Performed several code reviews of new graduates and enforced best practices
- Connected extensively with the business and functional consultants to gain a better understanding of the customer needs
- Obtained real time project experience of working on all ABAP RICEF objects
- Closed tasks before time and ensured customer satisfaction with the technical deliverables
- In charge of onboarding new ABAP consultants and bringing them up to speed with the changes made on technical objects

Client Nikola Motors – Onboarded as a special consultant for Adobe form outputs

- Took complete ownership to deliver all form outputs as per the needs of the business
- Gained project experience of making changes to Adobe forms with XML based interface
- Gained project experience of working with Odata services and CDS views
- Received an ‘Outstanding’ rating for successfully completing the delivery of technical objects under aggressive timelines and contributing to overall project success

Client Spirit Aero – Onboarded as a special consultant for completion of technical objects before deadline

- In charge of handholding the existing technical team and making sure that the technical objects are completed before the aggressive deadline
- Significantly contributed to the development of Adobe forms and solved technical queries of the team whenever required
- Received a ‘Commendable’ rating for my impactful stint in the project
